EXPERIENCE

Serene Air, Karachi —Ast. Engineer (Airworthiness Management)

SEP 2025 - PRESENT

Supporting continuing airworthiness functions including Maintenance Planning Document task card development, Hard Time and life-limited components monitoring, LDND/OCCM updates, and scheduled maintenance forecasting. Assisting in regulatory compliance activities and internal Quality Assurance and Civil Aviation Authority audits.

Serene Air, Karachi — Aircraft Mechanic (Line Maintenance)

OCT 2021 - MAR 2025

Specializing in line maintenance of Boeing 737-800NG and Airbus A330-200 at Serene Engineering Services. Assisted in major component removal/installation tasks including CFM56 engine, APU, IDG, THS, NGS and Structures under strict safety and operational standards. Skilled in lubrication and GVI/DVI/DAILY/TRANSIT inspections. Participated in borescope inspections, weight and balance procedures, parking/jacking. Proficient in hydraulic, fuel, landing gear, and brake system maintenance/servicing, as well as independent aircraft towing operations. Recognized for attention to detail, adherence to safety protocols, and effective teamwork with engineers, technicians, and flight crews.

Serene Air, Karachi — Planning & Production Control

DEC 2021 - MAY 2022

Navigated through AMM, IPC, created Consumable lists, wrote work related emails and updated Master Planning Sheets regarding upcoming forecasted task cards.

Skywings Aviation Academy, Karachi — MEL & CAMO

DEC 2023 - JUNE 2024

Assisted in creating the Minimum Equipment Lists (MEL) for Piper aircraft.

Aero Club, Karachi — Cessna Aircraft Mechanic (& CAMO)

AUG 2019 - AUG 2021

Cessna Aircraft Mechanic at Aero Club, performed maintenance on Cessna 150, 152, and 172 aircraft, including inspections, troubleshooting, and repairs. Assisted in preparing the Maintenance Organization Exposition (MOE), Aircraft Maintenance Program (AMP), and other CAA-required documents, supporting fleet airworthiness and full regulatory compliance.

Quetta Soaring and Flying Club, Karachi — CAMO

SEP 2019 - SEP 2021

Developed MOE, AMP, and CAA documents, including C of A and MRO for L-23 Glider renewal, ensuring regulatory compliance.
